

A Modernist coffee table with angular legs

Ref: MOD 60

SOLD

MATERIALS Brass, Glass

About this piece

A Modernist coffee table with angular legs that are united by central supports made as part of the legs and also supporting the top with a subtle flaring of the top from the planter end to it's opposite end with wonderful mitred details to each corner and a neat storage well for plants etc and a secret drawer hidden by the tramline details around the box section and tubular brass supports to the top. 125 cm X 45cm X 45cm. (Needs new glass which could be clear opaque or smoked)
