About this piece

Belgian art pottery vase aligned to the *Art Deco* movement (1919–1939), c.1920. Tall shouldered form with a **moulded relief frieze of flamingos** among reeds, finished in **mottled blue and green glazes** with a darker brown wash to the collared neck. The stylised birds show webbed feet and long S-curve legs, a theme widely used in Belgian ceramics of the period, combining organic Art Nouveau naturalism with early Deco simplification for strong silhouette and colour contrast.
