About this piece

Bruce Talbert

A pair of English Aesthetic Movement Walnut dining chairs with gilded highlights, the backs with a subtle curvature (making them very comfortable). With feather carved details to the uprights, incised tramline details each with a row of five turnings above the upholstered seat, on ring turned and writhen front legs, united by finely turned and incised H stretchers.

Professionally reupholstered in calico so they are ready for the final covering of your choice. We also have a set of eight that with this pair could make up a set of ten, if required, see link:
