About this piece

By **William Birch**, a **rocking chair** in **light oak**, aligned to the *Arts and Crafts* movement (1880–1910), **c.1910**. A tall ladder back with turned finials sits over shaped arms and a square seat on slender posts with **twin side stretchers** and curved rockers. The woven **rush seat** has been **recently professionally re-rushed**, presenting cleanly while retaining the chair's honest surface.
