Ref: MWB 40

£135

---

MAKER	WMF
PERIOD	Art Nouveau
YEAR	1910
ORIGIN	Germany
MATERIALS	Brass

---

### About this piece

**German, c.1910.** A **WMF** brass jug with a rounded body, narrow neck and flared rim. The surface is pressed with a repeated foliate pattern and the handle cast in a rope-twist form. Produced in Germany around 1910, the jug reflects the workshop's decorative metalware of the early twentieth century, showing the quality and precision typical of WMF's domestic production.

### Measurements

Measurements available on request. The piece is currently held in storage at one of our showrooms.
